Remarks

Impossible find! Charles River waterfront with dock! Young 6-bedroom home built with quality in the Craftsman style. Huge landscaped yard where you can launch your kayaks or sit out on the river enjoying the breeze with a good book! The house is pretty spectacular too! The layout everyone wants: grand entry, large mudroom, fully finished walk out lower level with gym space, playroom and more. Open kitchen with Viking 6-burner range and ovens. SubZero fridge. Family room with fireplace opens to the party-size deck overlooking the huge back yard the dock and river beyond. Front and back staircases. Grand primary suite plus four more family bedrooms all on the second floor. Take the stairs to the third floor suite with sitting room or office and sixth bedroom with bath. Just a 15 minute walk to Newton Highlands Village and close to all the exciting new development along Needham Street. Do not miss this rare waterfront opportunity in a very private setting!
